

EAGLE LIFT LIFTGATES

Liftgates for downsize pickups, Chevy S-10, Dodge Dakota & Toyota Tundra

Note: Standard liftgate color is black.

APPEARANCE

Streamlined design of ABS plastic platform cover adds to the appearance of your vehicle

VERSATILITY

The EAGLE LIFT is ideal for a variety of commercial applications

SAFETY

No other liftgate offers the safeguards built into each Eagle Lift

FEATURES

From top to bottom, more standard features

CONTROL

Manual control lever allows "feathering" when lowering a loaded gate

EFFICIENCY

Greater lifting efficiency guarantees longer service life and reduced battery load

WEATHERPROOF

All hydraulics and key electrical connections are completely enclosed

***America's Standard
in Liftgates***

Platform easily drops away for dock loading.

1000 lb. Capacity

Eagle Lift liftgates with 1,000-pound capacity for downsize pickups, Chevy S-10, Dodge Dakota and Toyota Tundra, deliver superior performance, safety and service life. No other gate in its category offers such a broad range of features.

Clearly, **Eagle Lift** is America's standard in liftgates.

EAGLE LIFT LIFTGATES

FEATURES...All Standard

Maintenance-free self-lubricating style composite bushings at all pivot points and larger pulleys for reduced cable wear.

Power cut-off system is integrated with vehicle light switch.

150-amp circuit breaker included.

The exclusive ABS plastic platform cover (U.S. Patent No. 5,673,960) dramatically improves the appearance and durability of Eagle Lift Liftgates.

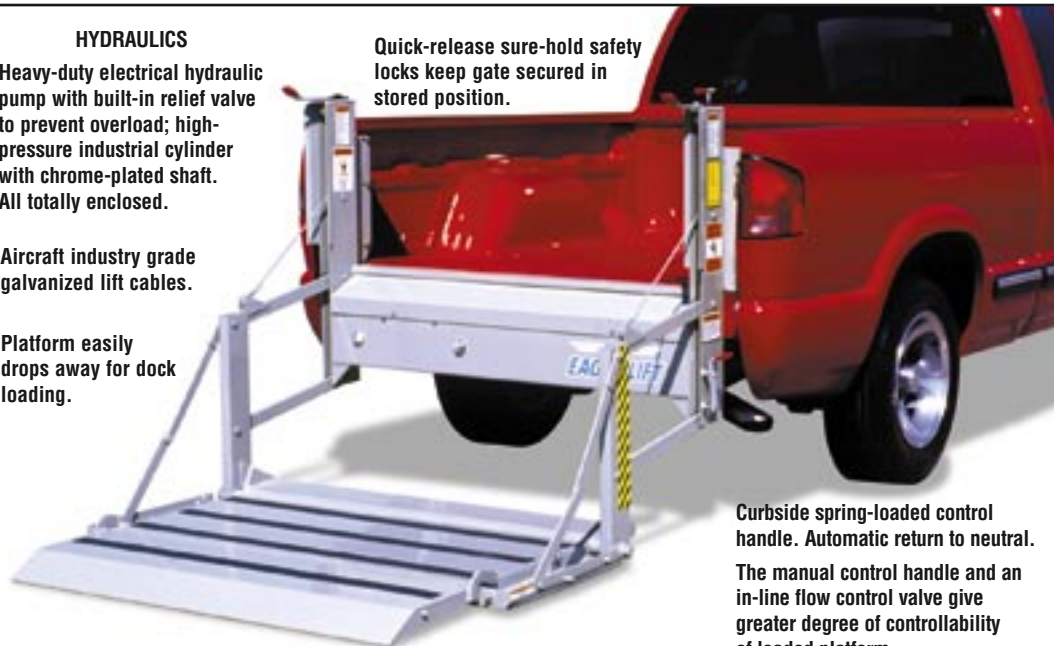

HYDRAULICS

Heavy-duty electrical hydraulic pump with built-in relief valve to prevent overload; high-pressure industrial cylinder with chrome-plated shaft. All totally enclosed.

Aircraft industry grade galvanized lift cables.

Platform easily drops away for dock loading.

Quick-release sure-hold safety locks keep gate secured in stored position.

Curbside spring-loaded control handle. Automatic return to neutral.

The manual control handle and an in-line flow control valve give greater degree of controllability of loaded platform.
