

# Sidewinder Roll Tarp System Electric Model

**New!**

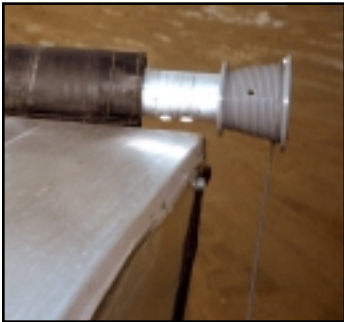

Easy Operation - simply turn a switch.

No straps or tie downs.

Aluminum front and rear caps.

Front and rear tension control keeps tarp rolling evenly.

## Tension control

Tension is applied to the front the rear of the tarp using extension springs along with beveled pulleys to maintain a constant and uniform pressure to keep your tarp rolling evenly.

## Electric Motor

Now even when you're strapped for time, covering your trailer is quick and easy with the Electric Sidewinder Roll Tarp from Aero Industries. There's no straps or tie-downs to tie up your valuable time. Just turn a switch and roll the tarp across your trailer.

## Kwik-off Nylon Roll Stop

More durable than metal roll stops. Unique design saves valuable installation time.

- Manual models also available.
- 18 oz. and 22 oz durable vinyl coated polyester.
- Aluminum and fabric end caps.
