RAISES THE  
STANDARD

- ▶ **Introducing the 2000SR Pull-Over Tarp by Donovan.**  
This simple to install truck covering system adjusts to any width truck, trailer or container up to 32 feet in length!
- ▶ **Donovan's 2000SR eliminates the need for external springs and pivot arms, making it easy to operate and virtually maintenance free.**
- ▶ **No matter what you're hauling, cover it quickly and easily with Donovan's 2000SR Pull-Over Tarp.**

Donovan's 2000SR is simple to operate: pull over your load, secure it and you're on your way. To uncover, the 2000SR's spring return roller bar retracts the tarp automatically.

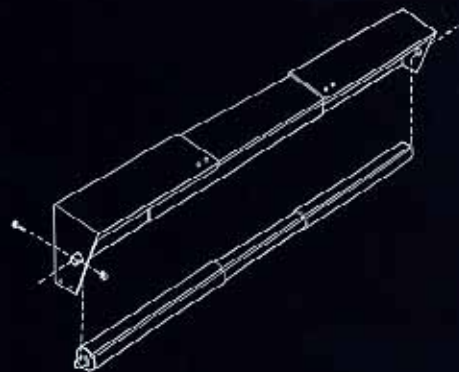

Each 2000SR covering system is shipped completely assembled. Expand the assembly to body width and installation is complete in one hour.

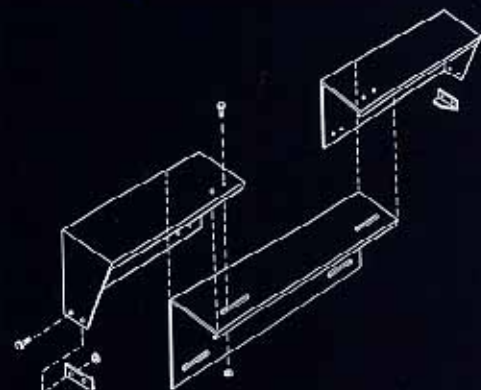

Safe, ground level tarping reduces job-related injury. Save time and make more money by covering and uncovering your loads more quickly and hauling more loads per day!

Donovan's 2000SR is the answer to economical tarping in the Heavy Duty Truck, Solid Waste and Agricultural industries.

**The 2000SR Pull-Over Tarp is adjustable to fit any truck body or trailer. This means easy, quick installation and no special ordering! The 2000SR will fit your truck right off the shelf!**

**The tarp housing adjusts easily for a perfect fit.**

**The adjustable roller bar assembly actually "telescopes" to fit into the housing.**

**OTHER MODELS AVAILABLE:**  
**2000GL** - Ground level return  
**2000X** - Cab level return

**Guaranteed  
Pull-Over Tarps**
